

## The Homeopathic Anthem (to the tune of Mambo #5)

One, two, three, four, five  
Everybody on the case, so come on let's ride  
To the pharmacy around the corner  
Delusions come and sensations go

But I really don't wanna  
Miss the picture that I see

I must read deep  
Because talk is cheap  
I like Arsenicum, Platina, Ledum, and Naja  
And as I continue you know

They're getting clearer  
So what can I do but repertorise, no disguise  
To me hearing it's just like a jolt, loud and clear  
It's all good, so let's hear it  
Materia Medica

A little bit of Arnica in my life  
A little bit of Causticum by my side  
A little bit of Ruta is all I need  
A little bit of Aurum is what I see  
A little bit of Sulphur in the sun  
A little bit of Zincum all night long  
A little bit of Lachesis here I am  
A little bit of these makes me a fan...

Oh

Jump up and down and move it all around  
Potentize to the sound

Put your hand on the pestle  
Titrate to the left  
Titrate to the right  
Once to the front and once to the side

Shake it up once  
And shake it up twice  
And if it looks like this  
Then you are doing it right

A little bit of Arnica in my life  
A little bit of Causticum by my side

A little bit of Ruta is all I need  
A little bit of Aurum is what I see  
A little bit of Sulphur in the sun  
A little bit of Zincum all night long  
A little bit of Lachesis here I am  
A little bit of these makes me a fan...

Ooh  
Succuss, just Succuss

I declare  
To fall in love with a remedy  
You can't run and you can't hide  
Because Thuja opens it wide
